

Design Services RFP Questions– JN 60434

1. Will base plans be made available?

No, base plans will not be made available and not be required because these are Log Plans. The consultant will be required to run alignment in areas where detail sheets are required. MDOT will supply ROW plans in any of these areas.

2. Will MDOT be responsible for the soil borings or will the consultant?

MDOT will be responsible for furnishing any necessary soil boring information (Consultant shall place information in the plans).
